

30 March 2010

Dear Valued Customer

Thanks for your enquiry about our KIMTECH PURE* sterile gloves.

We are pleased to provide the graph below which shows trend data for the protein content of our KIMTECH PURE* G3 Sterile Latex gloves.

We can also confirm that for the three gloves listed below the maximum endotoxin level is 20 units.

- KIMTECH PURE* G3 Sterile STERLING* Nitrile gloves
- KIMTECH PURE* G3 Sterile White Nitrile gloves
- KIMTECH PURE* G3 Sterile Latex gloves

We hope this information has been helpful. If we can assist further please let us know at infofax@kcc.com

Regards
